### **Minutes of meeting of Audlem Parish Council held in the Methodist Church, Shropshire St. Audlem on Monday 8<sup>th</sup> April at 7.00pm.**

Present: Councillors Geoff Seddon (GS) (Chair), Stephen Hopkins (SH), Steve Elliott (SE), Kate Down (KD)  
George McLaren-Brown (GMB), Keith Nord (KN)

In attendance: Carol Bell (Clerk to APC) Rachel Bailey (Ward Councillor)

#### **Part A**

GS opened the meeting at 7 pm and advised that the meeting was being recorded.  
Members of public in attendance: 15

#### **23/182 Apologies for absence**

Cllr Lynette Hopkins

#### **23/183 Public participation**

A member of the public asked why there had been an increase of 93% on the precept between 2022/23 and 2024/25 asked where is the money going, why it is not published in the minutes or on the agenda how much is in the parish bank account also why are items for discussion put into Section B?

GS responded – I accept that the precept increased by 130% in 2023/24 however it is not a 93% increase overall. The balance of the bank account is read out at every meeting. Going forward we will record the bank balance in the minutes. The budget forecast is published on the parish council website and gives details of where funds have been allocated to. In terms of Section B and the police investigation, the Clerk gives an update in every parish meeting but is restricted in what she can say.

A MOP asked why are actions for Turnpike Field blocked each time they are raised?

GS responded – The reason request have been blocked is due to waiting for a response to the retrospective planning application and also awaiting a response from the solicitor in relation to legal advice we have sought on the contract document. The legal report has been received today. Once we have read through and discussed it, we can begin to get things moving again on Turnpike Field.

A MOP asked if there are no charges allowed on Turnpike Field, or if charges are made 30% needs to go to the previous owners, does that mean that any stall holders who take money in the Summer Fete on the field also have to give up 30% of their takings?

GS responded – That is included in the legal advice we have sought which once read we will respond to.

A MOP asked why is Fields in Trust not on the agenda?

GS responded – I have been advised that another MOP wishes to raise a question about Fields in Trust so I will save the answer and respond to both questions at the same time.

A MOP asked what is happening with the Fields in Trust document that was signed a year ago but has never been submitted?

GS responded – The reason for the delay is to do with waiting for the retrospective planning permission and also to obtain legal advice. Once we have read through the legal advice in relation to the Fields in Trust documentation, we will then be in a position to move forward.

A MOP asked for an update on the police investigation into the missing parish funds.

The Clerk responded – I have been in contact with the police this week and they have advised that they are investigating a new line of enquiry and the investigation is ongoing.

A MOP asked if a police update could be put on AOL every month?

Cllr Bailey responded– As AOL also have an associated Facebook page, we have to be careful that we do not undermine or contradict the police investigation.

A MOP asked how many applications have been received so far for the Councillor vacancies?

GS responded – We have received 3 applications. We have 5 vacancies available.

A MOP asked if the electricity and water for the public toilets were on a meter as the charges seemed very high? GS responded – We are on water meter and are charged business rates for both utilities.

Clerk advised no correspondence to note.

### **23/190 Turnpike Field**

23/190 (i) SE gave an update from the Turnpike Field Working Group meeting held on 25<sup>th</sup> March 2024. SE advised that Cheshire East had done some work on securing the boardwalk in Turnpike Field. SE also advised that a tree report had been carried out on the trees in Turnpike Field. This had proved useful as it assisted with questions raised on the retrospective planning application by Cheshire East in relation to the Oak tree at the entrance to the field off Green Lane. The tree survey advised that the Oak tree be taken down and replaced due to the extent of deadwood in the tree. The removal is also subject to a planning application that is currently ongoing. GS advised the reason for the planning application on the trees was due to some of the trees having TPOs on them and some trees being in a conservation area.

23/190 (iii) Councillors **APPROVED** safety improvements to the bridge at a cost of £630 + VAT, 6 bags of MOT (hardcore) for muddy path improvements at a cost of £200 + VAT and machinery and labour at £200 subject to contacting the Canal and River Trust to establish who is responsible for maintenance of the bridge and also a risk and method statement from a competent contractor for driving heavy machinery over the bridge. Proposed KH, seconded SE, all in favour.

A MOP asked what the council's position is on installing a hard standing car park on Turnpike Field - why was it taking so long and why had planning permission not been put in for it?  
SE advised that a planning application would require a consultation to back up the application at a cost of £20,000 which is money the parish council did not have. SE advised that there was a long standing item on the Turnpike Field's agenda to set up a Go fund account to help cover the cost of the consultation.

23/191 (iii) SH advised that Cheshire East had advised they were no longer offering the facility of 4 free parking days for car parks where charges apply and have provided an option for councils to pay for the 4 days if they wanted to continue to offer this benefit to the public.

### **23/192 Report by Ward councillor**

Cllr Bailey advised that before Christmas she had put forward a notice of motion to Cheshire East Council to urgently seek a Local Government Association corporate peer review to gain an understanding on what has gone wrong with Cheshire East finances. Cllr Bailey advised that her request was accepted by the new Chief Executive of Cheshire East and a peer challenge meeting was held at the end of March. Cllr Bailey read out part of an interim summary she had received as a result of the meeting and advised that the peer team would now go away and commission a full report which would be available by the end of June at the latest. Cllr Bailey also advised that at the same time Cheshire East will need to submit a report on how they are going to mitigate their own spend and debt. Cllr Bailey advised on the impact the lack of finances was having on local services and noticeable the repairs of the highways and advised that other local parish councils had wrote to the new Chief Executive of Cheshire East to point out the impact that lack of funding was having on maintenance of the highways.

Cllr Bailey advised that Cheshire East had just started the process for its next Local Plan which will be coming through to local parish councils soon for consultation, on what councils would like the local environment to look like.

At this point the Chair asked that the press and public be excluded from the meeting during consideration of an item pursuant to Section 100 (A) 4 of the Local Government Act 1972 on the grounds that they involve the likely disclosure of exempt information as defined in paragraphs 1 and 2 of Part 1 of Schedule 12A to the Local Government Act 1972 and public interest would not be served in publishing the information.
