None

191/21 Councillor Vacancies

Steven Delacore - showed interest- information sent to him

192/21 Meet Candidate for locum clerk

JM stated meeting postponed as references are sought.

193/21 Public forum

N. Goodyear - ADAS committee has voted to make £10,000 available to fund a specific piece of work for Turnpike Field. This will be taken from our investment account that holds funds from the sale of the Stafford street cottages. These funds were always targeted to be used for a specific project that would benefit Audlem. A number of questions were raised on Parish Council budget and finances which are included in a separate email which was sent to JM. This email also proposes a way forward with Turnpike field car park.

Samantha Humphries - Manor Hall Farm road onto A529 - road and field wildlife impacted, 30 wagons observed in a period. Near accident observed, wagons turning across both lanes to get out. Dangerous bend proven by accidents over recent years. Why have barns, Mr Hulme did say he was a crusher not a farmer. RB answered and encouraged Audlem PC to assess planning application. No current restriction from CEC. We cannot object to the agricultural application, as long as its used by agricultural vehicles, but mud and water is a problem.

194/21 Minutes from 10th January

JS re 174/21 - last point - information display action picked up by JS not RW

195/21 Matters arising  
None
